State Society Plans Campaign  
of State—To Show Health-  
win Hospital Here.

INDIANAPOLIS, March 22.—While all the world is praying for peace, men and women interested in the crusade against the "white plague" in Indiana are preparing for a still more vigorous war against that deadly disease, according to an announcement made today from state anti-tuberculosis headquarters, 203 Public Savings Insurance building, Indianapolis. One of the most potent weapons to be used in this war will be an illustrated Indiana lecture on tuberculosis, which has been blocked out by the state society. This lecture will be sent to all parts of the state to be used in public meetings and in many instances a lecturer from the office of the society will be supplied. This lecture will include slides showing the way tuberculosis is being combated in all parts of Indiana. Views of Healthwin hospital at South Bend, the nearest county hospital in the state, the work done at Boehne farm near Evansville, of the visiting nurse work in Fort Wayne, Logansport, South Bend, Evansville, Jeffersonville, Marion, New Albany, Terre Haute and Elkhart, of the educational work being carried on in many of the Indiana cities, of free tuberculosis clinics which have recently been established in Fort Wayne, New Albany and Terre Haute; and of many other phases of the anti-tuberculosis crusade in Indiana will appear as a part of the lecture.

A number of purely educational slides, showing the value of fresh air, good food and rest, of the evils of fake consumption "cures," and a "Tuberculosis Primer," a series of slides specially adapted for use in schools, but, because of their direct and simple teaching, of great value to adults as well, will also be included.

Already a number of cities have made application for this lecture, which will be ready for use about the first of April. The slides will probably be used first in Elwood illustrating a talk to be delivered by Mrs. Ella B. Kehrer of Anderson.

In preparing these slides the officers of the state society have endeavored to select views and material best suited to the general and wide use to which the lecture will be put.

**P. A. JOYCE IS NEW CASHIER**

Succeeds Joseph E. Neff With the Chapin State Bank.

At a special meeting of the directors of the Chapin State bank Monday afternoon the resignation of Joseph E. Neff, cashier, was accepted. Patrick A. Joyce was named in his place while Mr. Neff becomes vice president.

It is explained that Mr. Neff resigned as cashier in order to be in position to give more of his time to the building project that the Union Trust company has under way. He is secretary-treasurer of this institution.

**FORM DRAMATIC CLUB.**

Articles of association have been secured by the "Walnut Club" which has been formed for the purpose of advancing dramatic and musical entertainments. The directors are Walter Donovan, Clinton A. Knoblock and William L. Loftis.

**TO DISCUSS CAMP PLANS.**

Important Meeting Will Be Held at Y. M. C. A. April 2.

Camp Eberhart will be the principal topic for discussion at a meeting to be held April 2 in the dining room of the Y. M. C. A. boys' building.

Arrangements and preparations will be made by those present for the manner in which the summer trip is to be spent. Songs and yells that are old to a number will be rehearsed and short talks and advice will be given by the following: Messrs. Kramolli, Cheley, Ames, Miller, Smith and Wood. After the talks the lights will be turned out and the boys will sit on the floor before the fireplace and tell their interesting stories of their past experiences at the camp.

**WANTS PAY FOR SAND AND ALSO DAMAGES**

William Gammon Brings Court Action on Charge That He Cannot Recover Price Agreed Upon.

William Gammon has brought suit in the circuit court against Walter E. Metz, Ralph Miller and James H. Leach to collect \$50 alleged to be due for sand and \$100 for damages alleged to have been sustained by the removal of the sand from certain property. It is alleged that on July 29, 1914, the plaintiff and the defendants entered into a contract whereby the latter were to have sand from the lot on the southeast corner of Wayne and St. Peter sts. at 25 cents a load and were to remove it so that the top layer of earth could be retained and the lot made level with the adjoining property. It is charged that 173 loads of sand were removed, that they were not paid for and that the lot was left with the surface filled with holes and piles of sand. The plaintiff is represented by Hibberd & Martin.

**TAKES UP DAMAGE CASE**

W. F. Werner Sues Michigan City for \$10,000 Damages.

The case of William F. Werner against the city of Michigan City, which is an action to recover \$10,000 for alleged personal injuries, was taken up Monday afternoon in the circuit court. The plaintiff alleges that on May 15, 1913, as he was crossing the drawbridge over the harbor at Michigan City the bridge was lifted without warning so that he found it necessary to jump in order to save himself. He says that in jumping he fell and broke his knees. X-ray photographs of the knees, showing the injuries, were introduced as exhibits in the evidence. The plaintiff is represented by Forest Smith of Michigan City, and Sutherland & Smith of Laporte. The defendant is represented by Theron Miller, city attorney of Michigan City, and Anderson, Parker, Crabill & Crumpacker.

**HOLIDAYS ARE ANNOUNCED**

Notre Dame Students Will Get Four Days' Vacation.

Announcement was made at Notre Dame yesterday that the annual Easter vacation will begin Friday evening, April 2, at 4 o'clock and will close the following Tuesday evening and the regular classes will be resumed Wednesday morning at 8 o'clock. Many of the students who do not live far from the university will return to their homes for the short vacation. Formerly no vacation was given at Easter and only students who live a limited number of miles from the university will be granted the privilege of returning home.

**Washing Won't Rid Head of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once. Your hair will be soft, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

**Salts is Fine for Kidneys, Quit Meat**

Flush the Kidneys at once when Back hurts or Bladder bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain out part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure thereby avoiding serious kidney complications.

**Acute Articular Rheumatism**

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; in others we find the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultz expresses the opinion of thousands of practitioners when he says that Anti-Kamnia Tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headaches, neuralgia and all pain. Ask for A-K Tablets.

## A Visit to the Home of MONEY-BACK BREAD

By a Housewife

"I HAD been reading the MONEY-BACK advertising and went to the bakery fully expecting to be surprised—and surprised isn't a big enough word."

"I didn't know there was so much flour in all America as that which I saw, piled up in regular mountains. There was sugar enough to sweeten Lake Michigan, it seemed. Yet the guide said it was only a two months' supply."

"After the mixing the dough was placed into large tins to 'rise,' then divided into loaves, shaped and sent through the 'proofing' process, where the bread can rise after being made into loaves under absolutely ideal conditions."

**MONEY BACK BREAD**

"You can't imagine the bigness of a modern bake oven without seeing it—think of baking 500 loaves at a time and think of an oven where the heat stays just at 550 degrees, no more, no less. My, but couldn't I bake some bread if I had an oven like that!"

"But even more than the wonders of the equipment was I impressed by the immaculate cleanliness of the whole plant. The walls, the ceilings, the machines—all glistening white. The white background with the white clad bakers makes a picture that I will not soon forget."

You, Too, Madam Housewife, Will Be Much Interested in a Visit to the Home of MONEY-BACK Bread

We invite and urge you to come, especially if you have any lingering misgivings concerning the use of MONEY-BACK in preference to baking at home.

**LADIES! SECRET TO DARKEN GRAY HAIR**

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.
